Product Datasheet RTT

WE CAN SUPPLY a wide range of electrical and diesel driven compressors with capacity up to 52m³/min used for instrument air, rig air, maintenance and well testing. We can also supply compressors with combined work and breathing air, high pressure washers and air heaters.

OUR QUALITY FOR YOUR SAFETY is important to us, therefore we only develop equipment that meets the strictest requirements for the oil and gas industry. This is to increase safety of the user and surrounding working environment.

TRAINING is always offered to customers and users on all our products. Users will then be able to operate the equipment safely and more efficiently from day one.
